

SUNROOM GLAZED PATIO

The comfort of a terrace without limits

Extend your summer

Pergola Room Sunroom systems will extend your outdoor living experience further into the season, offering protection from the elements that would usually keep you indoors. A sunroom patio cover system from Pergola Room convinces with its timeless and elegant design and durability; it transforms your backyard patio into a comfortable living space. There are no limits to your imagination, thanks to a wide range of design possibilities for a variety of living situations.

Request a personal consultation with your Pergola Room specialist today!

Our sunroom solutions blend seamlessly and harmoniously into the design and aesthetics of your home – even for more complex living environments. Most roofs can be easily combined with Pergola Room glass elements. Your Pergola Room specialist partner will be happy to advise you on this.

Bring that holiday feeling right into your home.

Benefits of your Sunroom System

Well-being and comfort (quality of life)

A much higher quality of living, thanks to a glass-enclosed, weather-protected patio, which offers additional protection from traffic noise and pollution.

Energy efficiency

A glass-enclosed patio helps to reduce energy consumption, which benefits both your wallet and the environment.

Value added

By investing in patio glazing with attractive designs and high-quality materials, you too can increase the value of your home.

Roof systems

Patio roof in a cubo design

CUBO

The premium glass roof CUBO is characterized by its clear cubic shape and impresses with its light weight and elegance.

Whether set up as a free-standing structure or attached to a residential building, the high-quality construction convinces with its solid workmanship and beautiful, timeless design.

Individual patio roof

HAWAII 40

THE HAWAII 40 is convincing as a patio roof or as a unique glass house. Whatever your needs, this roof offers the perfect solution and brings you a little closer to nature.

Pure patio roof

PURE

Using only the essential components, the PURE incorporates simplistic design with elegance. The high-quality aluminium construction convinces with its slender design, able to integrate directly into any living situation. This is pure quality from a single source.

Glass elements

Glass sliding wall

VG15 / VG17

The outside world and your interior space become one with a full glass sliding wall. The large glass surfaces will let your view wander without limits. The ease of operation of the VG15 and VG17 allows you to move them into a corner and, on sunny days, can open up your pathway to the garden.

Glass slide & stack wall

FREESLIDE / FANTASY

These glass slide & stack walls can easily be stacked into a corner, offering uninterrupted views to the outside. Large glass walls become a small stack, providing open access to the outside.

Framed elements

Sliding wall

IDEAL 38

Extend the summer with this uninsulated framed sliding wall which enables you to enjoy your summer garden from those very first sunny days of spring. The doors can easily be moved to unlock a pathway to the outside world.

Folding wall

FIESTA 42

Bring sunshine and fresh air into your summer garden terrace. Even large areas can be completely opened up with a folding wall, to guarantee the ultimate feeling of freedom. FIESTA 42 will also operate around corner openings.
